

## Greetings to all my brothers and sisters of UA Local 855

This month's safety message is about the importance of wearing and using our "Personal Protective Equipment" better known as our PPE. In the month of May we had a few of our co-workers injured due to the lack of not wearing PPE. Our main goal at the beginning of our workday should be making sure that we come home the same way we left. And wearing our PPE is one of the ways to ensure that. Also, the use of PPE doesn't end at the workplace, it should be used at home too. In conclusion I strongly encourage everyone to wear the appropriate PPE for the task at hand and to always follow company policies and procedures.

Sincerely ,

*Wil Neal*
